

Xpanda

**Xpanda**  
Deterrent Security Products

## Anti-burglar protection and deterrent security products.

The Xpanda range of physical security solutions offer a visual deterrent and act as an effective security barrier suitable across a variety of applications. The off the shelf design and trackless system ensures that Xpanda is easy to operate and is suitable across almost any size or shape of opening.

With its diamond design Xpanda creates an aesthetically pleasing, unobtrusive look and is the ideal solution where ventilation is required.

### Ideal for:

- ✓ Pharmacies
- ✓ Catering facilities
- ✓ Factories
- ✓ Motorway service station concessions
- ✓ Shop display windows
- ✓ Patio doors

The Xpanda system creates an effective barrier whilst allowing for maximum air-flow. When not in use the system can be folded away for maximum visibility.

**SeceuroBar**  
Removable Window Bars

## Removable Window Bars.

The award-winning SeceuroBar system features anti-cut steel bars which are securely locked into position to protect vulnerable window openings, but can be released from the inside to allow total vision or maintenance of windows.

Suitable for installation in a horizontal or vertical format, SeceuroBar is finished to a high standard and delivers security which is quick and easy to install, yet highly effective in a range of locations.

A higher security fixed bar system is also available for locations where removal is not a requirement.

SeceuroBar

## Secured by Design

Secured by Design is the official UK Police flagship initiative supporting the principles of 'designing out crime' by use of effective crime prevention and security standards for a wide range of products and applications.

Only products which have been tested and meet the required technical standard can be awarded the Police Preferred Specification.

For more information on this initiative refer to:

[www.securedbydesign.com](http://www.securedbydesign.com)

## Insurance approved security

The rigorous LPS 1175 burglary resistance standard is operated by the Loss Prevention Certification Board (LPCB). LPCB are the UK's leading independent certification body and the LPS 1175 standard is recognised and endorsed by 16 organisations including the Association of British Insurers and the Association of Chief Police Officers.

For more information on the scheme refer to:

[www.brecertification.co.uk](http://www.brecertification.co.uk)
