Insurance Approved Retractable Security Gates

High security tested to Loss Prevention Standard 1175 (LPS 1175).

The SeceuroGuard retractable gate system combines a classic appearance with effective protection, ideal for the home or workplace. The high security 1001 is tested and approved to LPS 1175. The system can be easily fitted to the face or reveal of a window or door aperture and can be specified in a single or double-sash configuration. Where a clear walk through is required SeceuroGuard's bottom track can, as an optional extra, be made to fold up.

- **Versatile** – Fits internally in either the window reveal or around the opening in either single or double-sash configuration
- **Ease of use** – Smooth top running operation with an optional extra of a fold up bottom track to leave doorways unobstructed
- **Secure** – Multi-point locking operating from a single key
- **High quality finish** – Supplied in high quality white powder coated finish as standard

Optional RAL colours
available on this and many
of our security products:

Product Matrix

Secured by Design

Secured by Design is the official UK Police flagship initiative supporting the principles of 'designing out crime' by use of effective crime prevention and security standards for a wide range of products and applications.

Only products which have been tested and meet the required technical standard can be awarded the Police Preferred Specification.

For more information on this initiative refer to:

www.securedbydesign.com

Insurance approved security

The rigorous LPS 1175 burglary resistance standard is operated by the Loss Prevention Certification Board (LPCB). LPCB are the UK's leading independent certification body and the LPS 1175 standard is recognised and endorsed by 16 organisations including the Association of British Insurers and the Association of Chief Police Officers.

For more information on the scheme refer to:
